

REMARKS

Claims 175, 183, 184, 201, 203, and 204 have been amended. No new subject matter has been introduced. Claims 175-186 and 199-208 remain in the prosecution.

Specifically, claim 175 was amended to correct a typographical error (i.e. "interact" should be "internet") and a period between "end-of-life" and "information" in the Examiner's Amendment. A comma was also placed between "interface" and "guidance."

Claim 183 was amended to correct an informality (i.e. the use of a semi-colon in place of a period).

Claim 184 was amended to correct typographical errors (i.e. no claim number) in the Examiner's Amendment.

Claims 201 and 203 were amended to correct a typographical error (i.e. "art" should be "an") in the Examiner's Amendment.

Claim 204 was amended per the Examiner's request in the Notice of Allowability mailed on January 2, 2009, that is, to replace "system" with "method", and to replace a comma with a semi-colon.

Pursuant to MPEP § 714.03, "[t]he Office may enter a supplemental reply if the supplemental reply is clearly limited to: ...

(B) Adoption of the examiner suggestion(s);

... [or]

(E) Correction of informalities (e.g., typographical errors)."

Because the present supplemental amendment complies with the above requirements, Applicant respectfully requests entry of the same.

Further, Applicant wishes to bring to the Examiner's attention the Foreign Patent Documents considered by the Examiner with respect to the Information Disclosure Statement reviewed by the Examiner and included with said Notice of Allowance. Specifically, a "Pfu Ltd" reference was not clearly initialed by the Examiner. Applicant respectfully requests clarification/correction of the same.
